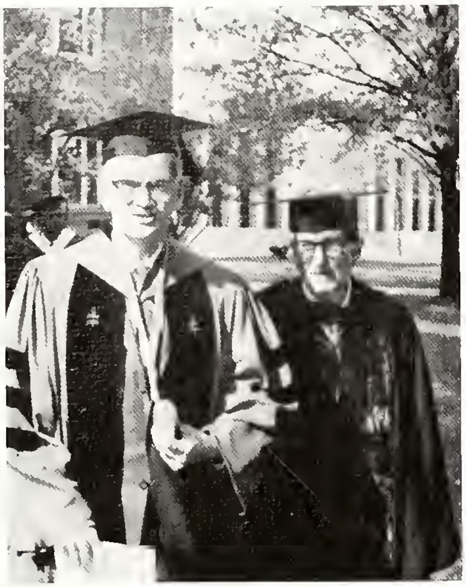
dedication

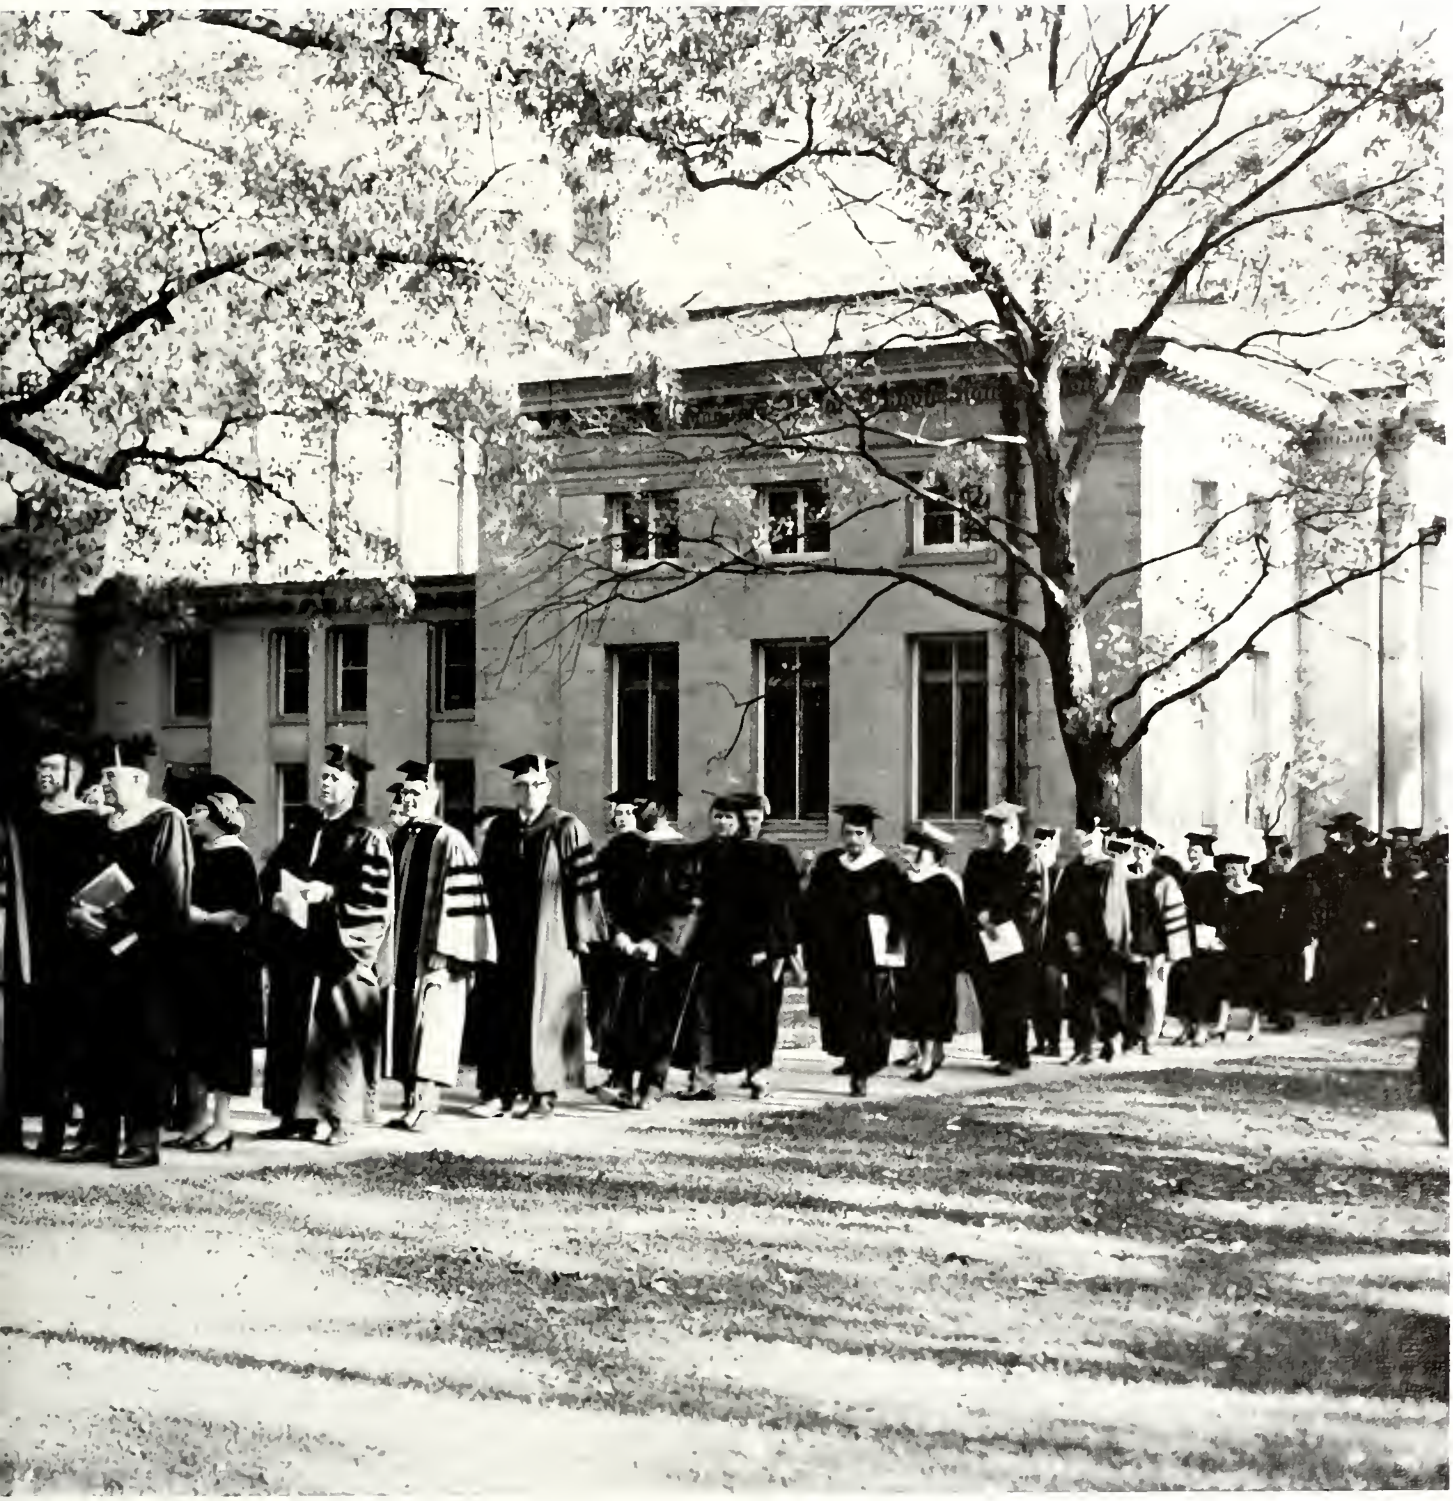
Change and tradition. President Willis Duke Weatherford, Jr., fits these meaningful words.

As a tradition, he follows the path of presidents who have gone before him. As a change, he represents a new era at Berea College.

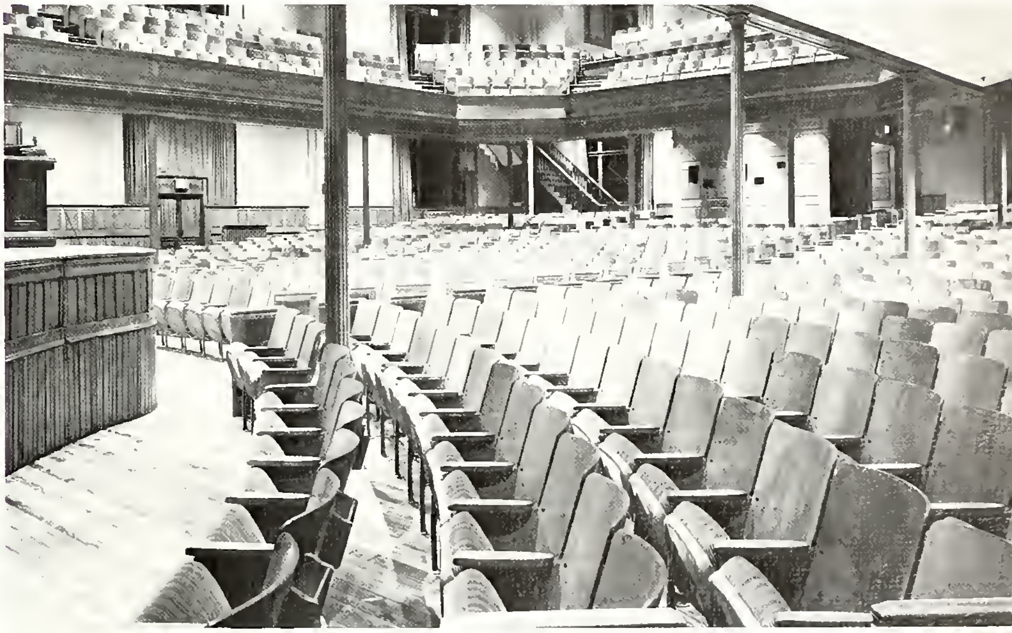
We, the students, dedicate the 1968 CHIMES to you, Willis Duke Weatherford, Jr.



inauguration



In the changing times, Willis D. Weatherford, Jr. officially begins with the traditional inaugural ceremonies.



Classes,
Labor,
Chapel,
Life.
These are Berea College

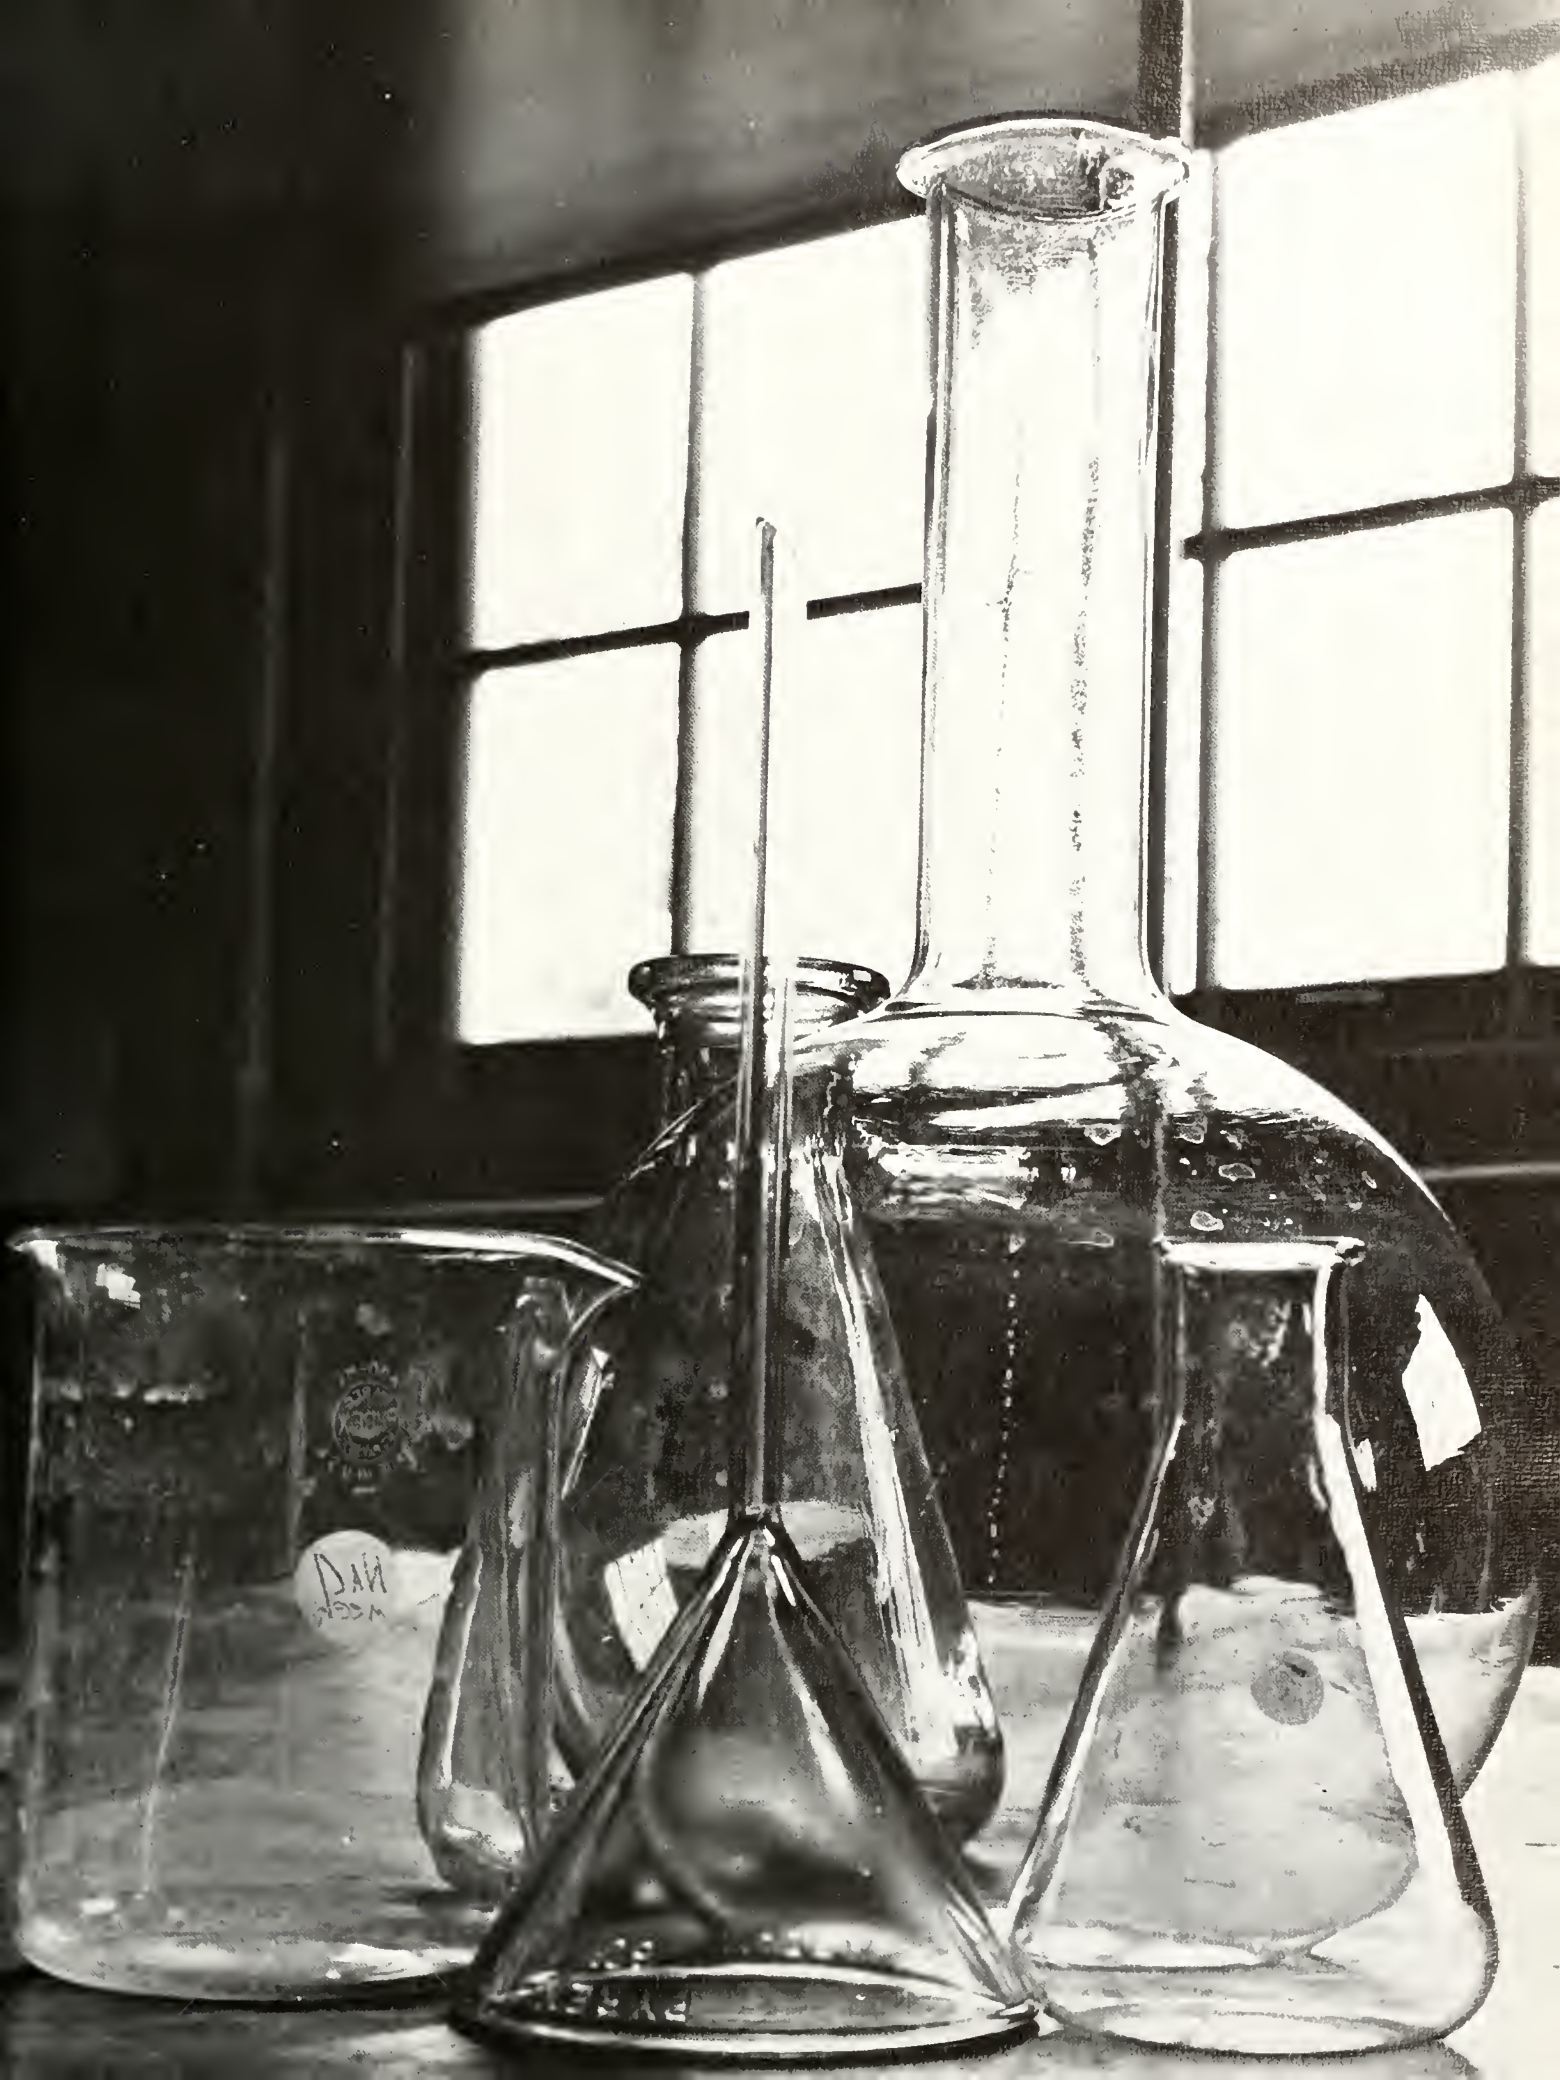
RELAX

Each day is uniquely
its own.
Following rules,
making changes.

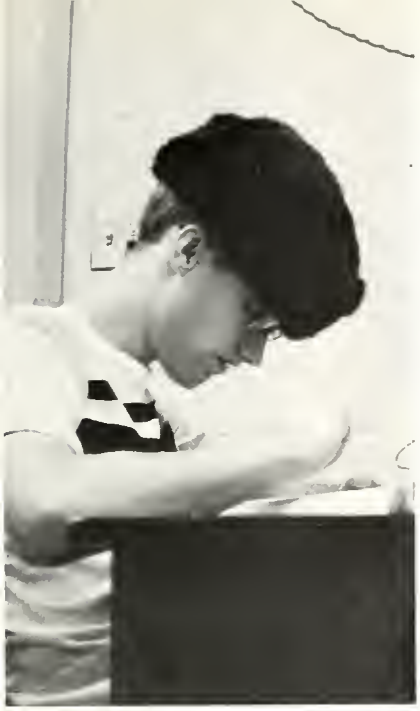
A change,
An experience,
a tradition.

Truth and illusion,
We do not know the difference.

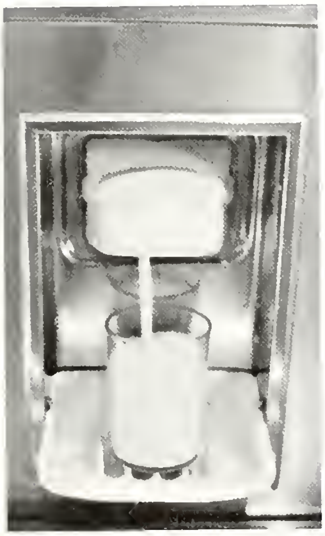
No, but we must carry on;
As though we did.

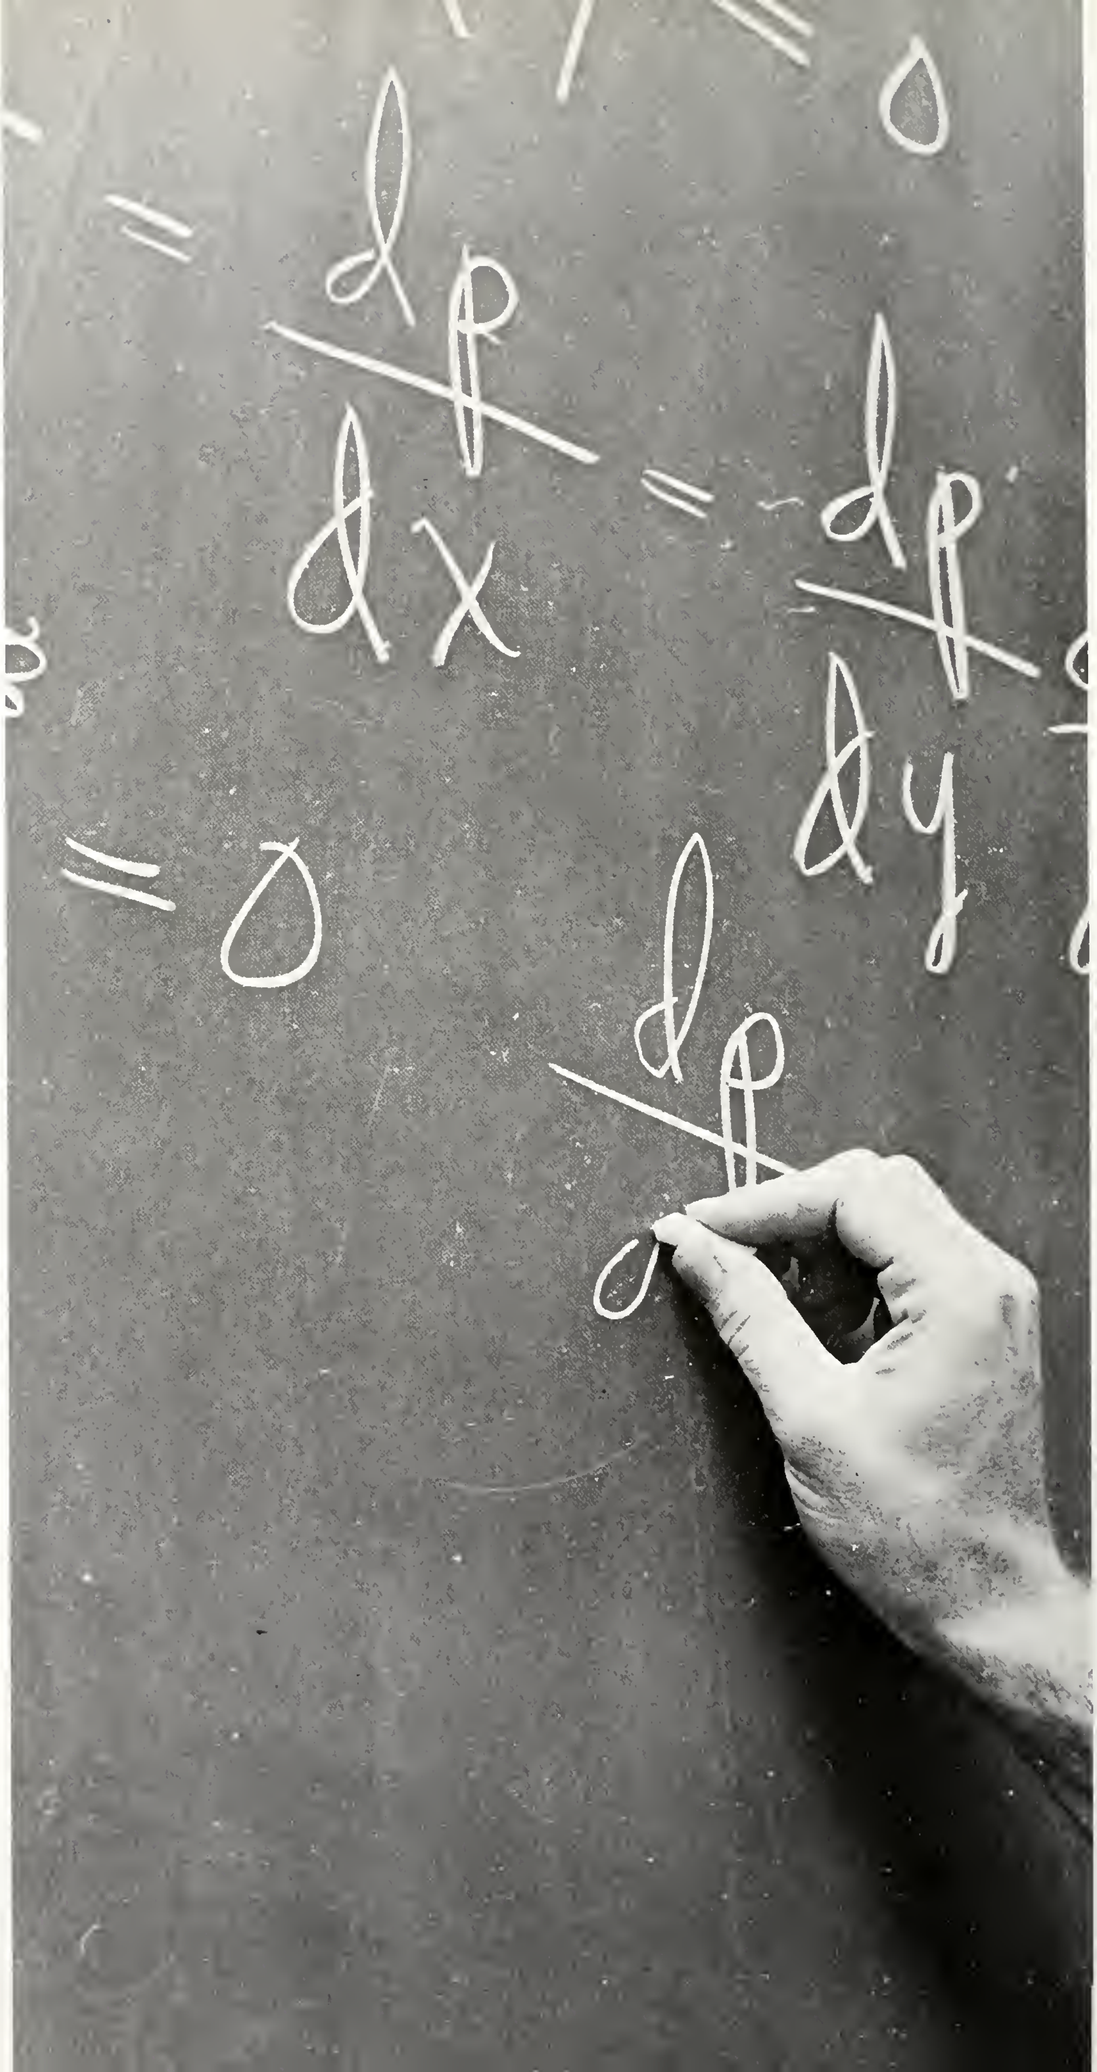


The traditional paths
of classes,
of chapel,
of labor,



of activities,
of learning.





= dp/dx = -dp/dy

dp/d

NTUCKY
COUNTY

All these things make Berea College.
She traditionally shines,
she traditionally changes.
All these things make Berea beloved.

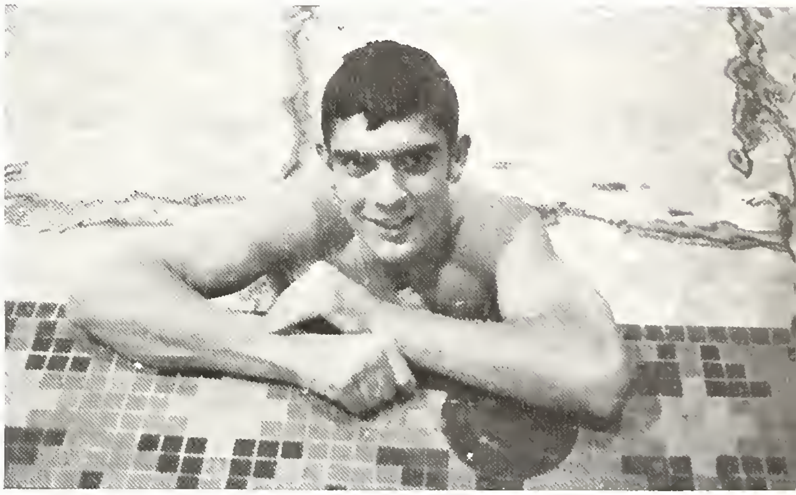
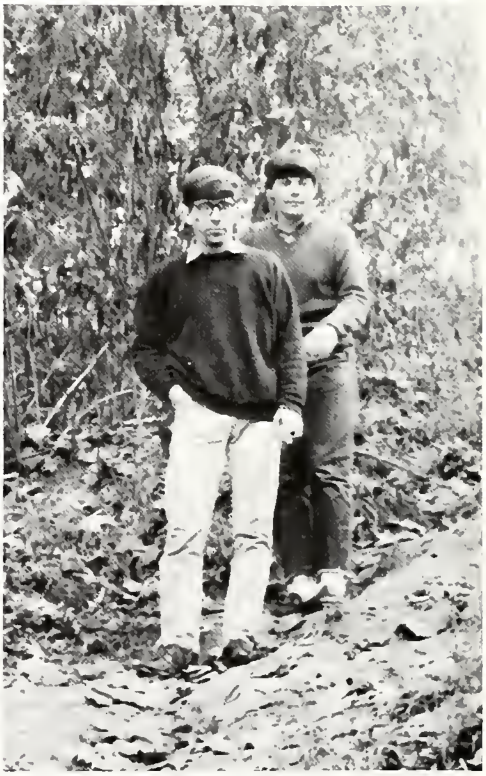
BEREA
COLLEGE





MOUNTAIN DAY 1967

As part of the tradition of Berea, the students embark on Mountain Day each year.

East Pinnacle,
West Pinnacle,
Fat Man's Misery
Devil's Slide.
These remain the same,
But the people change.

HOMECOMING

OUNTAINE

HOMECOMING QUEEN

Each year during the festivities of Homecoming Week, an upperclass girl is chosen by her fellow students to represent the college as Homecoming Queen. This year Carolyn McDaniel, of Waitville, West Virginia, was given that honor. Here she receives her crown from President Weatherford while her escort, Darrell Rogers, looks on.

CHEERLEADERS

Cheerleaders are: T. J. Hines, Liz Martin, Sally Middleton, Virginia Stouts, Brenda Ernst, Jennie Jesse.

BASKETBALL

SEC A
SEC B
25
43

Back row: Coach Clarence Wyatt, Lanny Huff, Dennis Grant, Ira Scott, Robert Conley, Dave Middleton, David Olinger, Doug Layne, Assistant Coach Lester Abbott. *Front row:* Manager Donnie Spencer, Tommy Reynolds, Pat Wear, Elvin Combs, Wayne Ryan, Richie Eckler, Manager Joe Cochran.

Coach Wyatt and Coach Abbott discuss tactics at halftime.

Oscar Gunkler's advanced gymnastics class provides halftime entertainment.

BEREA

MOUNTAINEERS

TENNIS

Left to right: Paul Maymon, Jim Durham, Bert Neville, Dennis Strickler, Bob Fuller, Wallace Frazier, Wayne Byrd, Clyde Huskey.

BASEBALL

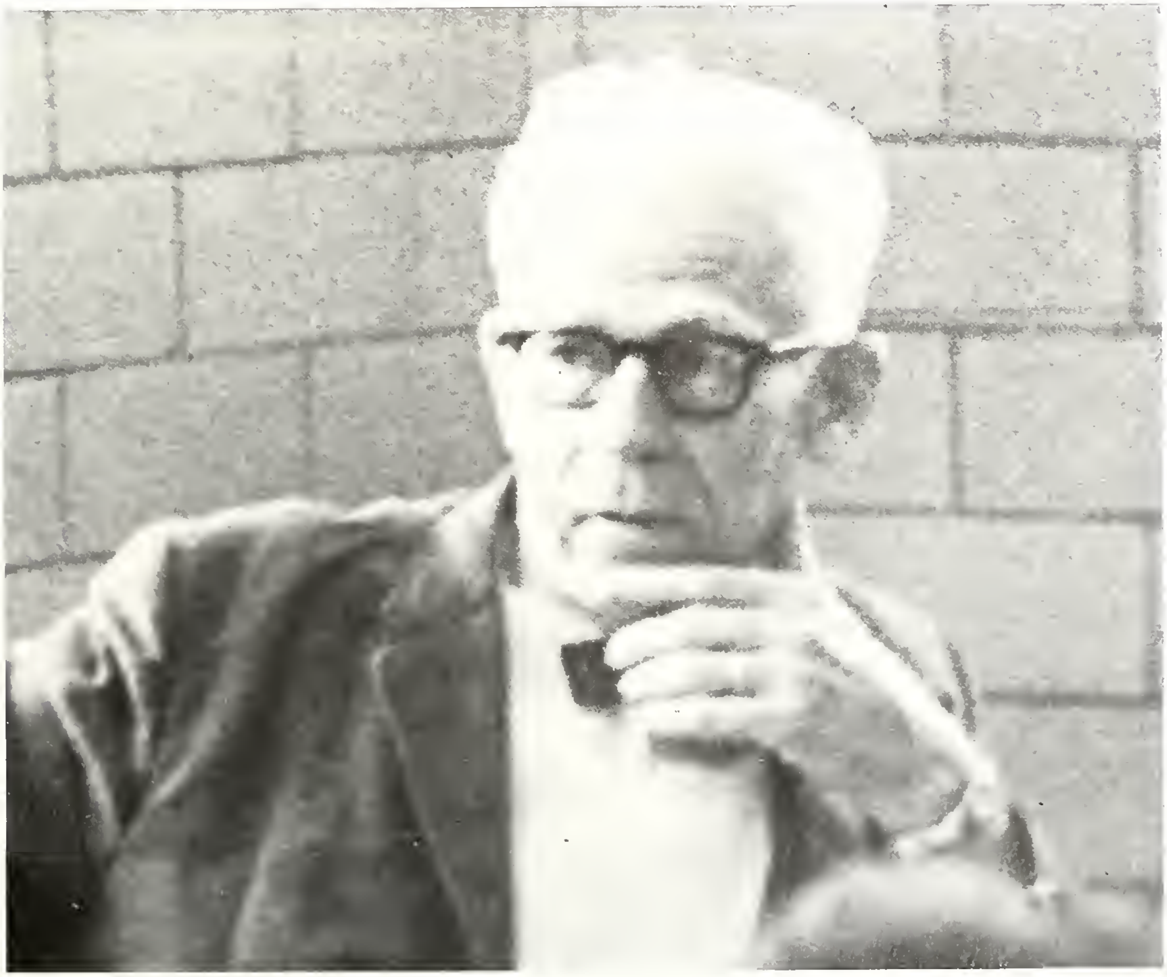
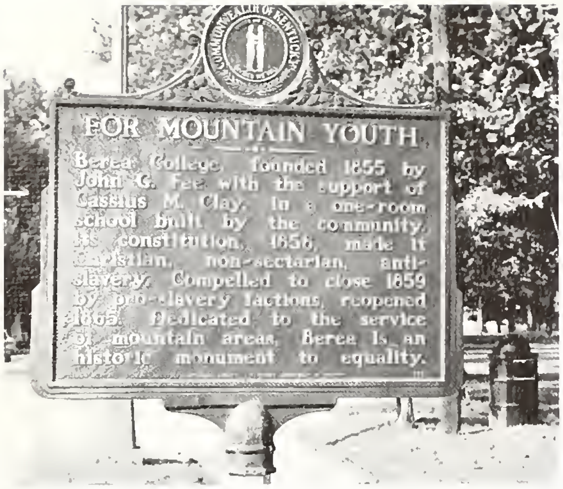
IN MEMORIAM

Perley Ayer
1900-1967

He adopted the mountains,
and they, in return, adopted him.





COMMONWEALTH OF KENTUCKY
FOR MOUNTAIN YOUTH
Berea College, founded 1855 by John G. Fee with the support of Cassius M. Clay, in a one-room school built by the community. Its constitution, 1856, made it Christian, non-sectarian, anti-slavery. Compelled to close 1859 by pro-slavery factions, reopened 1865. Dedicated to the service of mountain areas, Berea is an historic monument to equality.

FOUNDATION

DEDICATION

Even though the doors of Foundation will close for the last time, they will always remain open in our hearts. Now, before we depart to go our separate ways, we, the Chimes staff, dedicate this section of the 1968 Chimes to our beloved Foundation.

Though this section will never appear in the Chimes again, the memory will always remain.

THE "PROS" AND KAHN'S

Because Kahn's takes professional pride in the quality of its many fine meat products, Kahn's have become the preferred meats in area after area.

Enjoy the finer quality and distinctive fresh meat flavors of Kahn's Fine Meats and food products at school and at home.

- Kahn's Tender All-Meat Wieners—"The Wiener the World Awaited."
- Kahn's Cooked, Frozen and Ready-Prepared Foods.
- Kahn's Hickory-Smoked Bacon—Fries Crisp Without Burning.
- Kahn's Flavor-Pak Sliced Luncheon Meats.
- Kahn's Quality and Portion Controlled Beef and Pork.
- Products for the Finest Hotels, Restaurants, Colleges and Other Institutions.

4-Square secret of success

When Wm. H. Danforth founded the Ralston Purina Company before the turn of the century, these eight words were already a part of his personal philosophy. It was only natural, therefore, that they become "his way of doing business." Today, these same words, framed by a now famous trademark, comprise the "Four-Square" business philosophy of the leader in the feed industry—The Ralston Purina Company.

Our philosophy today and for the future is the same as that of Mr. Danforth on the day he sold his first bag of feed. That's why we can look you squarely in the eye and offer you a four-square deal . . . honest products for an honest price.

We think you will like our way of doing business.

SHOWROOM DISPLAYS AT ALL OF OUR LOCATIONS

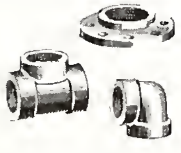
Vogt works here...

Engineers in plants throughout the world specify Vogt equipment to meet their demand for process equipment on which they can depend. Vogt products are in service in piping systems, processing, power generation, waste heat recovery and refrigeration. For information on all products described below request Bulletin E-4.

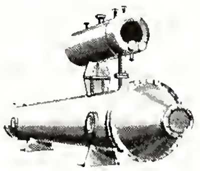
HENRY VOGT MACHINE CO., P. O. Box 1918, Louisville, Ky. 40201, Dept. 24A-GCE.

VALVES: Famous Vogt Forged Steel Valves are performing trouble-free service in a wide range of applications in hydrocarbon, oil, hydraulic, gas, steam, water, and many other services. Vogt Gate, Globe, Meter & Gauge, and Check Valves have heavy trim parts, deeper stuffing boxes, and special spiral wound gaskets. All Valves with 13% chrome stainless steel trim have laid-on hard faced seats (Stellite or equal) for positive resistance to erosion, corrosion and galling. These features, in addition to many others, assure dependable operation and long life.

FITTINGS: Vogt Forged Steel Fittings, Flanges and Unions complement Vogt Valves for safety and services regardless of pressure, temperature or corrosion resistance requirements. Screwed fittings have accurately cut threads for ease of assembly and double tight joints. Socket weld end fittings have deep counter bored sockets for positive alignment without clamping or tack welding. All fittings are rust proofed with a phosphate coating, and packaged for protection, storage and ease of identification.

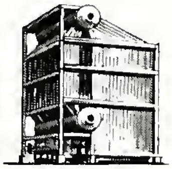


WASTE HEAT EQUIPMENT: Vogt Waste Heat Boilers for heat recovery from process gases or liquids, gas turbines and other heat sources are available in a wide range of designs. They include such types as Water Tube, Fire Tube, Horizontal, Vertical, Inclined, Kettle, Piggy-Back, Cross Drum, Bayonet, Plain or Fin Tube, packaged or field erected. They serve with high efficiency in ammonia plants, methanol plants, petroleum refineries, petrochemical, nitric acid, and sulphur plants.



HEAT EXCHANGERS: In the area of Heat Transfer Equipment, Vogt is a recognized leader. Working with pressure and temperature ratings far surpassing normal requirements, Vogt produces heat transfer equipment utilizing the most modern construction techniques in building exchangers, chillers, crystallizers and film type evaporators to our customers' specifications. Each installation is engineered to meet the most rigid operating requirements and to give long trouble free service.

STEAM GENERATORS: All Vogt Steam Generators, partly or fully shop assembled or field assembled, both conventionally fired and for waste gas streams include many outstanding features such as customized furnace wall spacing to match firing equipment; extended surface or finned tubes to improve heat transfer and reduce space requirements; pressurized skin casing. Every Vogt Steam Generator is engineered for optimum efficiency.



TUBE-ICE MACHINES: Vogt Tube-Ice Machines are used by food processors, packing plants, chemical plants and refineries for producing ice for processing and product protection during manufacture and shipping. Units in any capacity from 1,000 lbs. per day up to 75 tons per day are available to meet any ice making requirement. The smaller capacity Tube-Ice units are widely used in plant cafeterias, hotels and restaurants.
